Multi Language LCD Customer Display 8013

Jarltech's 8013, a Multi-Language LCD customer display, is an excellent tool for transmitting transactions, AD message, and customer greeting at POS systems. 8013 LCD customer display supports Multi-Languages (Traditional Chinese, Simplified Chinese, English, Europe & Arabic), in order to meet your multilingual demand. 8013 can manually adjust brightness via setting button, and create your own individual style desktop under the size of 320 x 240 pixels. With ESC/POS command codes, 8013 can work under any operating system and platform.

Features

- With an easy to read blue background & white characters display
- Adjustable brightness setting button
- Individual desktop creation
- With a Multi-Languages support:
(Traditional Chinese, Simplified Chinese, English, Europe & Arabic)
- Supports both USB & RS232 Interface
- Built-in Jarltech and ESC/POS command codes
- OPOS (OLE for retail POS) Competable
